A gold medalist from the prestigious Kasturba Medical College (Manipal Academy of Higher Education), Dr. Rahul Kumar has done back to back Senior Residencies in Cardiology and Neurology. Thereafter he has spent two years in Zurich, Swizerland under Professor Anton Valavanis, learning and developing his skills in the emerging field of Interventional Neurology. From May 2012 to July 2014, he was Faculty in Department of Neurology, IGIMS, Patna. Thereafter, he is the Director of G S Neuroscience Clinic in Patna.

He is a Core Committee member of the working group preparing the National Stroke Database, under the auspices of ICMR.

Dr. Rahul Kumar has been a Co-Investigator/Principal Investigator in more than 20 multinational drug trials in India.

He has authored more than 55 articles/text book chapters in peer reviewed journals/textbooks, and has presented more than 70 papers in various state/national/international conferences.

His research Interests are mainly centered on the Phylogeny of the human cerebral vasculature and its behavior in various pathological conditions.

- 2) Stood first in 10+2 examination, 1994
- 3) Passed 1st MBBS in **first class with distinction**, 1996
- 4) Received **Gold Medal** for standing first in Anatomy in university examination, 1996
- 5) Passed 2nd MBBS in **first class with distinction**, 1997
- 6) Received **Gold Medal** for standing first in Pathology in university examination, 1997
- 7) Passed 3rd MBBS, part I in **first class with distinction**, 1998
- 8) Received **Gold Medal** for standing first in ENT in university examination, 1998
- 9) Received **Gold Medal** for standing first in Ophthalmology in university examination, 1998
- 10) Passed 3rd MBBS, Part II in **first class**, 1999
- 11) Received **Gold Medal** for standing first in Internal Medicine in university examination, 1999
- 12) Received **Gold Medal** for standing first in General Surgery in university examination, 1999
- 13) Received **Gold Medal** for standing first in Obstetrics and Gynecology in university examination, 1999
- 14) Received **Gold Medal** for best outgoing student, 1999
- 15) Passed MD, General Medicine in **first class**, 2004
- 16) Won the **Best paper award** in 2006 in the state chapter conference of the API – Karnataka for paper titled “Role of TNF alpha as a prognostic indicator in sepsis”
- 17) Passed DM Neurology in July-Aug 2010 with distinction.
- 18) Won the **Best paper award** in 2010 in the Annual Conference of Indian Academy of Neurology for the paper titled “Cutaneous Silent Period, An electrophysiological tool to assess small nerve fibre function”

Extra Curricular Academic Activities

- 1) Participated in the 4th Basic ECG Course organized by the Department of Cardiology on 10/11/2002, M S Ramaiah Medical College and Hospital, as a faculty.
- 2) Course Coordinator for the 5th to 8th Basic ECG courses organized by the Department of Cardiology, M S Ramaiah Medical College and Hospital
- 3) Associate course director for 9th basic ECG course organized by the Department of Cardiology, M S Ramaiah Medical College and Hospital, AACME accredited.
- 4) Member of the Organizing Committee of the 2nd National Heart Symposium, organized by the Department of Cardiology, Ramaiah Heart Center on 1st-2nd October, 2005 at M S Ramaiah Memorial Hospital
- 5) Member of the Organizing Committee of the 3rd National Heart Symposium (SAC 2006), organized by the Department of Cardiology, Ramaiah Heart Center on 14th and 15th October, 2005 at M S Ramaiah Memorial Hospital

Charitable Clinical Activity

On the board of clinicians of the Bothra Charitable Trust since 2004

Corroborative Projects

- 1) Interactive arrhythmia analyzer – Department of Medical Electronics, M S Ramaiah Institute of technology, Bangalore -- as project guide. It is a VB based interactive algorithm to assist the non clinician in analyzing various kinds of arrhythmias
- 2) Digitization of the EEG, association with MSRIT students
- 3) Cutaneous silent period recorder

ACADEMIC ACTIVITIES and PUBLICATIONS

Dissertations

MD Medicine – The role of TNF alpha in patients with sepsis as a prognostic indicator.

DM Neurology – Non Puerperal Intracranial Venous Sinus Thrombosis, A Prospective study of 104 cases.

DM Neurology – Vesibular Evoked Myogenic Potential, Standardization of technique and validation of test –retest protocol.
