We are also looking forward to promoting collaboration between the various disciplines and our regional partners. Interventional Neurology has grown in leaps and bounds since its' inception and it plays a crucial role in the management of patients in this era, where it is at the cutting edge of healthcare.

SNVI members are interventional Neurologist, Neurosurgeon and Radiologists. We are a small but very vibrant community and are actively training young clinician to take up this dynamic specialty to fulfill the needs of healthcare in India, especially in the management of stroke. Thus, we encourage those with an interest in this field or who are working with professionals in this field to join us in SNVICON2018 and learn from each other.

Ahmedabad awaits to welcome you to this academic feast! We assure you a great clinical experience of academic excellence, discussions with faculty and intervention bonanza.

Come enjoy, the hospitality of our heritage city with wonderful gujarati cuisine, its art and architecture. For those interested in touring around there are great destinations like Gir Forests, home for Asiatic lions, the Great Runn of Kutch, Dwarka & Somnath, Sun temple modhera, Rani ki vav, Champaner and many more.
